BEHAVIOR THERAPY AND CONSULTATION SERVICES

INTRODUCTION TO UNRESTRICTED HOURS SUBSCRIPTION PROGRAM

OVERVIEW

Birthing from a passion to ensure aspiring BCaBA's and BCBAs receive adequate experience in tasks that will be required of them once credentialed and practicing, Puzzling Patterns Unrestricted hour program offers weekly individualized, task-list specific tasks to those seeking assistance accruing unrestricted experience hours. This program is ideal for individuals who have a current supervisor who is responsible for overseeing their experience hours. Participants in this program should first discuss with their supervisor their willingness to oversee unrestricted hours assigned by another BCBA.

THE PUZZLING PATTERNS DIFFERENCE:

Puzzling Patterns is passionate about providing unrestricted tasks that are relevant to the interests, work settings, and needs of each of its program participants.

After lengthy research to find a program that offered individualized services, I was only able to find programs that offered generic unrestricted tasks. We are committed to improving the manner in which aspiring ABA practitioners are supported while accruing experience hours.

HOW IT WORKS

Individuals who purchase a subscription package will be expected to fill out a weekly questionnaire no later than each Thursday at 11:59pm. Information provided on the questionnaire will enable our BCBA to develop individualized unrestricted tasks directly related to the needs of each participant.

If a questionnaire is not received by the deadline, our BCBA will select the unrestricted tasks that will be sent for the following week. An e-mail containing suggested unrestricted tasks will be sent on Sunday by 11:59pm.

****It is important to note that your supervisor is ultimately responsible for approving your tasks as experience hours. Puzzling Patterns can NOT guarantee that the tasks will be counted as experience hours ****
